

Welcome! We hope you enjoy your stay with us!

A few house rules...

- ★ DO NOT FLUSH anything down the toilet except toilet paper (**NO FLUSHABLE WIPES EITHER**). You will be responsible for plumbing costs if there is a clog.
- ★ NO smoking/vaping/doing drugs.
- ★ NO parties or loud music.
- ★ NO unregistered pets or guests.
- ★ Quiet hours: 11pm to 7am.
- ★ Please treat the unit like your own home – take care of furniture, do not move it around, and keep the unit clean.
- ★ Please keep all doors closed to keep insects out. When entering the unit at night, keep the lights off inside (and turn the outside light on) to deter insects from coming in.
- ★ Please help us conserve energy when you are out. If you turned on the AC or heater, please set the AC temperature to 80°F OR the heater temperature to 65°F.
- ★ Please turn off lights when not in use.

And a few more...

- ★ When parking your car, please allow for space for three other cars on each side of the parking lot (**each side** should fit **four cars**).
- ★ After the washing machine completes a wash cycle, please keep the door **OPEN** to prevent mold from forming inside the machine.
- ★ Please place **garbage in brown bins** and **recycling in blue bins** in front of the house.
 - **Note:** Trash and recycling **MUST** be placed **INSIDE** the bins. Otherwise, you need to purchase an “extra trash sticker” from a grocery store to put on items outside the bins. See link for more details:
